

Glasgow Club seeks players

Hillhead Hockey Club is based in the West End of Glasgow.

We have both men's and ladies' sections with the men playing in the National Premier League division one and National Indoor division one while the Ladies are in National Division two. The men field seven teams each Saturday and the ladies six at various levels of competition.

There is already a very strong Irish presence at the club with players from Cork to Portrush scattered amongst the teams and made up of a mixture of students through to players who now live and work in the city. You'll be sure to bump in to someone you know.

Hillhead is a friendly, sociable and successful club which has recently moved to a new home base with a well appointed Clubhouse adjacent to or very close to a number of excellent astro pitches.

The membership numbers more than 200 between the men's and ladies' sections. Our website (www.hillheadhockey.org) has plenty information about the club and will give a good flavour of what it has to offer. Questions will remain and, if you're interested in getting involved at any level, we'd love to hear from you. Please either contact:

Ian Ferguson (iantferg@aol.co.uk or 07717 544990)

or

Linda Robertson (lindarobertson2009@googlemail.com or 07948 251063)

Don't feel that you have to call, however; you can just turn up for training. The men train on Tuesday and Thursday evenings. Women train on Mondays and Wednesday. Both sections are keen to welcome new players from Northern Ireland to the Club whatever their standard and hope that you will pay us a visit when you come to Glasgow.
